

**SALWAN JUNIOR SCHOOL: NARAINA VIHAR: NEW DELHI-110028**

**CIRCULAR**

**Sub.: Precaution against Dengue spread**

**SJS/ 025/ Cir./ 2022-23**

**Dear Parent,**

**4<sup>th</sup> October 2022**

The school strives hard to achieve the all-round development of the students. It is always committed towards good health, sanitation and clean environment so that the goal of holistic growth materializes for the students. In the wake of the spiralling cases of fever all around and in order to join the mass movement to control 'Dengue', it is advised to all the parents to follow the precautionary measures which are stated below:

- Apply mosquito repellent on the exposed body parts of the students, and follow it regularly.
- Make a habit of trimming the nails once a week and washing hands before and after their meals. This will help the students to be safe, disease free and healthy.
- Avoid sending the child to school in case he/she is suffering from fever.
- Keep yourself and your surroundings clean so that exposure to mosquitoes or breeding of the mosquitoes can be avoided.

**Follow these guidelines to control Dengue with the given Do's and Don'ts:**

<b>DO's</b>	<b>DON'TS</b>
<ul style="list-style-type: none"><li>• Keep all the water containers/overhead tanks etc. properly covered.</li><li>• Use mosquito repellents on exposed parts during daytime to prevent mosquito bites.</li><li>• Wear full sleeved clothes and long dresses/trousers that cover arms and legs to prevent mosquito bite.</li><li>• Use mesh doors/windows, mosquito coils, vapour mats etc. to keep mosquito away.</li><li>• Use bed nets even during day time especially for infants and small children.</li><li>• Ensure that there is no water logging on the roof top, in the ground areas around the house and there is no broken furniture or dirt in open space.</li></ul>	<ul style="list-style-type: none"><li>• Don't let water to collect in and around houses, offices, schools, factories etc.</li><li>• Don't let broken earthenware, tyres, furniture, bottles, pots, flower vase etc. to collect outside or on roof tops.</li><li>• Don't store water uncovered or in not properly covered containers/tanks.</li><li>• Don't give aspirin/ brufen to patients with dengue fever. Follow the advice of the doctor.</li></ul>

**Please Note:** The school will soon intimate you about the availability of the winter uniform. Till the time, kindly make the students wear:

- a. Full sleeves white T-shirt (slim fit) underneath the blue school shirt long with beige school trousers (For classes I-V), and
- b. Full sleeves white T-shirt (slim fit) underneath blue school shirt with jeans. (For classes Nur-KG)

Looking for your support.

**Regards,**

**Mrs. Sonia Wadhwa**

**Headmistress**

**SJS, Naraina**
